BONNIEUX – CHARMING PROVENCE

📍 CAPELONGUE

550, chemin des Cabanes - 84480 Bonnieux

✈️ Marseille airport (1h10 / 80 km)

🚆 Avignon train station (1h / 50 km)
Aix-en-Provence train station (1h10 / 65 km)

Bonnieux climbs up on the Petit Luberon. It is seen in the distance from the road, before all its brilliance is revealed.

This village full of history seduces a large number of international tourists who come to roam its alleys. One wonders about this church which seems to dominate the village and from where one assumes a magnificent view of the Monts de Vaucluse and the beautiful village of Lacoste.

The art of living in the Provençal style; this is all that reflects this lively village throughout the year by the local life and the many animations, not to mention its attractive market organized every Friday morning on a part of the center.

And when the cicadas get involved, we fall completely under the spell of Bonnieux...

FOOD
LA BASTIDE - 1* MICHELIN

High quality cooking

A gourmet cuisine, based on the terroir, with ever more liveliness and depth. With grilled Mallemort green asparagus, lovage and goat's white cheese; slice of marinated veal from the Luberon, artichokes and tuna cream; with black olive ice cream from Nyons, textured chocolate and candied olives. Or how to savor the region without moving.

FOOD
LA BERGERIE

Please note that La Bergerie is currently being renovated and will open for the 2024 summer season.

New visuals will be available soon.

A whole Mediterranean bar or a fine cut of Ventoux pork cooked on the open fire, heirloom tomatoes with gazpacho and pesto; a traditional piperade; strawberries freshened up with verbena and whipped cream – all enjoyed in the shadow of Mont Ventoux, in plain view. Delightful.

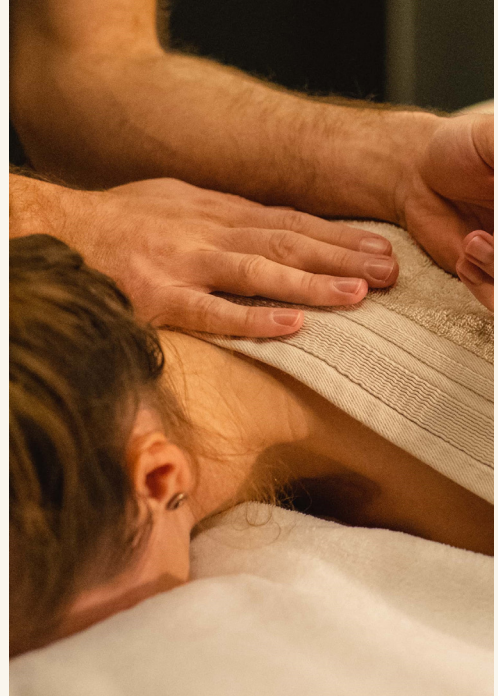

WELLNESS SPA

Please note that the Spa de Caplongue is currently being renovated and will open for the 2024 summer season.

New visuals will be available soon.
