A RARE SETTING

Nestling on the summits of the Petit Luberon, the village of Bonnieux rises majestically to the horizon, captivating travellers before they even see it, even before it reveals its full splendour.

With its rich history, this enchanting place attracts many visitors eager to wander through its charming streets. The church overlooking the village offers spectacular views of the Monts de Vaucluse and the beautiful village of Lacoste. For special occasions, bathed in lavender fields, this exclusive haven offers a sanctuary that is both secluded and expansive.

True to the Provençal art of living, Bonnieux vibrates all year round to the rhythm of local life and the many events on offer. And its many events, offering an attractive market where the curious linger.

When the cicadas start to sing the magic happens, bewitching anyone who falls under the spell of Bonnieux.
